

Limited Lifetime Warranty

Thank you for purchasing Superior Cabinets. Superior Cabinets warrants all materials and workmanship in our cabinetry, to be free of defects, at the initial site of installation, for as long as they are owned by the original consumer purchaser. Superior Cabinets' obligation is on defective components and those other components integrally associated with it, subject to exclusions and restrictions stated in this warranty document. This warranty applies to products used in Residential application within Canada and the United States. A one year warranty is provided for cabinetry and all associated parts provided for commercial and rental use. This warranty is non-transferable.

All goods must be inspected upon receipt. Freight damage is the receiver's responsibility and must be noted on the carrier's bill of lading. Warranty claims for damaged goods must be made within 2 days of receipt of item and prior to installation.

If our product is found to be defective, the defective part will be repaired or replaced free of charge, at the discretion of an authorized Superior Cabinets' representative. Warranty applies to the repair or replacement of the defective product supplied by Superior Cabinets, and does not cover expenses incurred in the shipment, removal or installation of the product or auxiliary parts and materials such as, but not limited to, appliances flooring, countertops, sinks, plumbing fixtures, etc.

Replacement parts are subject to availability, and therefore warranty replacement parts may differ somewhat from the original parts. If a warranty claim is made for an obsolete product, we will provide a comparable replacement product. This includes door styles, finishes and other parts used in Superior Cabinets' products.

Decorative hardware, accessories, cabinet organization, and other items supplied by Superior Cabinets but manufactured by other suppliers, are covered for a period of one year. A lifetime warranty covers metal drawer glides and door hinges supplied in Superior Cabinets.

Damages due to misuse, abuse, vandalism, fire, force majeure, improper storage, handling or cleaning, are the responsibility of the purchaser. This warranty becomes null and void if cabinets are altered in any way. Improper installation of supply only cabinets will not be covered by warranty. Improper installation of appliances resulting in damage to cabinetry and parts is the responsibility of the Purchaser and will not be eligible for warranty. Damage from exposure to steam and heat created by appliances is not eligible for warranty. Our products are designed for indoor use, therefore will not be warranted if used in outdoor applications.

There is no warranty coverage for warping, cracking, shrinking or damage of doors and parts resulting from inappropriate humidity levels **(Relative Humidity of 40% – 50% should be maintained throughout the year)**.

Natural woods will vary in color and characteristics. Warranty does not cover reasonable wood grain and color variations nor does it cover products purchased without a finish.

Color changes of wood and other finished products due to sunlight, household cleaners, smoke and other environmental conditions may be apparent over time, as these changes are customary for wood. Replacement or add-on parts may not match the original cabinetry due to these changes, however over time should match more closely to original cabinetry. These color deviations are not eligible for warranty.

A tolerance of 1/8" is acceptable in cabinet width. This allows for the different types of finished end material used in cabinet production. Adequate filler space must be allowed for when installing cabinets.

A tolerance of 3/16" in door warping (corner to corner) will be considered to be acceptable and will not be grounds for replacement.

Our warranty does not cover service calls to adjust moving components such as doors and drawers of the cabinets which may require adjustments from time to time and are typically caused by movement of the home and with extended use. These adjustments are part of the typical home owner maintenance. Please visit our website at www.superiorcabinets.us/about/resources for user friendly adjustment instructions and cabinet care information.

Warranty coverage does not come into effect until all products and services are paid for in full.

This warranty is applicable only to those customers located in the United States.
